

Fenetre

```
classDiagram
    Fenetre <|-- FenetreChoix
    Fenetre <|-- FenetreContrer
    Fenetre <|-- FenetreInfo
```

The diagram illustrates a class hierarchy. At the top is the 'Fenetre' class. Below it are three subclasses: 'FenetreChoix', 'FenetreContrer', and 'FenetreInfo'. A horizontal line connects the three subclasses, and a vertical arrow points from this line up to the 'Fenetre' class, indicating that all three subclasses inherit from 'Fenetre'.
